

SMILES FOR HEALTH

TOPIC: Fillings

<u>VIDEO</u>	<u>AUDIO</u>
Animated open Funder logo: United Concordia	***Voice Over*** Because good dental health benefits more than just a great smile.
Segment topic: "Fillings" Segment sub-topic: "Myths & Misconceptions" 7sec.	"Smiles for Health" is brought to you by United Concordia.
6sec.	***Speaker*** 00:11:15:19 – 00:11:21:23 "There are a handful of different materials that can be used to restore a cavity."
13sec.	00:11:22:24 – 00:11:35:06 "The two most common are dental amalgam, which are the silver fillings that everyone is familiar with and there's also composite resin material which is the tooth colored fillings that we use."
7sec.	00:13:25:12 – 00:13:32:02 "There is some controversy right now (uh that is ongoing actually) about mercury (and uhhh)
7sec.	00:13:34:03 – 00:13:41:28 "Many world health organizations have studied the effects of mercury in dental amalgams..."
10sec.	00:13:49:14 – 00:13:59:20 "...and every study that has come back has resoundingly said there is no evidence that mercury in dental amalgam is any threat."
3sec	00:14:48:24 – 00:14:51:03 "But in the end, it's the patient who makes the decision."
