

Good News About Your Dental Benefits!

At United Concordia, we're committed to more than healthy smiles! That's why we're pleased to announce that your dental plan now includes the **Smile for Health**® Maternity Dental Benefit and the **Smile for Health**® Enhanced Dental Benefit.

The **Smile for Health**® Maternity Dental Benefit provides pregnant women an additional dental cleaning during pregnancy. This extra cleaning can help prevent periodontal (gum) disease, which has been linked to premature and low-birthweight babies, as well as help control *pregnancy gingivitis*.

The **Smile for Health**® Enhanced Dental Benefit enhances your current coverage by providing additional diagnostic, preventive and periodontal services and by increasing the amount your plan will pay toward these services. The services offered help treat periodontal disease, which has been linked to diabetes, heart disease, stroke and respiratory disease.

The following Smile for Health® benefits will be covered as shown below.

Coverage Level by Class/ General Description*	ADA Code	Procedure Description	Smile for Health® Benefit Details	Linked Medical/ Dental Condition(s)
